The TEMPUR® Mattress, Pillow and Bed Collections

so comfortable, all you feel is weightless
Feel the difference of TEMPUR®

Sleep Innovation
In the 1970s, NASA developed a pressure absorbing material to help cushion and support astronauts during lift-off. Scientists working at what would become TEMPUR production facilities perfected this material for use in sleep products. Today, TEMPUR is the only mattress and pillow brand licensed by the US Space Foundation to use the Certified Technology Seal. TEMPUR builds on its history of innovation by continuing to improve and develop new material and products that deliver the best night’s sleep.

Superior Comfort and Support
Once you have slept on a TEMPUR mattress and pillow, you realise there is no comparison. The TEMPUR temperature-sensitive material conforms to the shape of your body. It reduces the discomfort caused by pressure points by redistributing pressure so you can immediately relax into your most comfortable sleeping position and remain there fully supported. It is this balance of outstanding comfort and superior support that has earned TEMPUR a number 1 ranking for ‘overall customer satisfaction’ and ‘overall quality of sleep’ in each of the 12 countries surveyed.

Trusted Results and Dependable Quality
TEMPUR products are recognised and purchased by hospitals, nursing homes and sleep centres worldwide for the comfort and superior support they provide. Satisfied customers also report that these products have provided comfort when suffering with back, joint and neck problems, as well as sleep difficulties. TEMPUR material is produced solely in company owned facilities where the products are developed and tested to ensure the highest standards of quality and are all supported by a comprehensive guarantee.

Personalised Solutions
With 3 mattress collections and a range of pillows and complementary products, there is a TEMPUR solution to fit everybody. Read more about our mattresses in this brochure, or discover what suits you best by simply trying out TEMPUR products for yourself in a store near you.

Visit tempur.com for details of authorised stockists.

* The findings are based on interviews with over 5,000 recent mattress purchasers in 12 European countries (Austria, Denmark, Finland, France, Germany, the Netherlands and Belgium, Italy, Norway, Sweden, Spain, Switzerland and the UK). The percentage of satisfaction is high in each country but not identical.
